

Join attocube

Explore. Discover. Innovate.

Do you have a sense for good design? Have fun with creative tasks and an interest in learning new programs? attocube's brand stands for innovation and high precision in the field of nanotechnology. As part of our marketing team you will support us in consistently reinforcing this claim. After a short training period you will take on smaller design tasks on your own and support us in the creation of printed material and the coordination of online marketing projects.

Working Student Marketing/Design

Your responsibilities

- Support our marketing team in maintaining and updating the attocube homepage and contribute to the creation of new content on our website
- Participate in the creation of brochures/flyers and other print materials (Photoshop, InDesign, Illustrator)
- Depending on interests: creative freedom and independent work with colleagues from the product management and sales department

Your skills

- You are a registered student and have a good eye for design
- Experience with Photoshop, InDesign, Illustrator, Content Management Systems (concrete5) is advantageous but not strictly necessary
- Interest in familiarizing yourself with the topic and new programs
- Reliable, purposeful working style

Our Offer

- The possibility to work independently, as well as learn tips and tricks in Photoshop, InDesign and other graphics programs
- An exciting job with 12-20 working hours per week that can be adapted to your class schedule, as well as an individual training period
- A good working atmosphere in our two-man marketing team within a rapidly growing, professional company of about 150 employees
- An open-minded team at our new building in Haar near Munich (directly by the S-Bahn station)

You would like to support the marketing department of a constantly growing nanotechnology company?

Then we look forward to receiving your application via our [Online Application Form](#).
